LETTER OF GUARANTEE

T&C Supplies, Inc., also known as Radicle Seed Company, is a California-based company that specializes in selling high-quality vegetable seed sourced from licensed breeders and producers. We strictly adhere to Good Agricultural Practices in the handling and storage of our seed, and we do not process, treat, or package any seed on our premises. Our entire inventory of vegetable seed is received in sealed packaging from reputable suppliers, and is stored in our warehouse until it is sold and delivered to our customers.

We make every effort to provide our customers with organically produced seed upon request. In cases where organic seed is not available, we ensure that the seed we supply has not been chemically treated and is non-GMO. Additionally, all of the seed varieties we sell are traceable by producer, variety, seed count, and lot number, and we are able to provide records upon request.

Regards,
